Text of Your Letter:

(Note: This is the unformatted version for the confirmation email. The formatted version of your letter will be the one mailed as part of the letter campaign.)

Dear Rev. Haggard: Life is too short to live it in denial. The God you worship made you as you are...imperfect, as we all are, but with the ability to live a loving life. Do not deny your true self or you will fault the creator you believe in. As you embark on the rest of your life, remember that the gay, lesbian, bisexual and transgender community embraces you as you are. Your family loves and supports you. You DO NOT need to try "to change" your sexual orientation to please others. Simply live life to its fullest, being strong in your faith of a loving God, and in the knowledge that there is a community that accepts you "warts and all." I invite you to visit with us at All Souls Unitarian Universalist Church at the corner of North Tejon and East Dale Street in Colorado Springs. This faith community has worshipped here since 1893. You will find a welcoming congregation that puts its faith in you as a child of God, however you define that concept.

If you feel your information was misused by someone to send this letter, please send an email to info@soulforce.org and we will correct the problem.
